

SPARE PARTS FOR HEAVY EQUIPMENT

QUALITY AFTERMARKET PARTS — DIRECT PRICE

Over 30 years of expertise · Best quality at fair price

WWW.HAKYPARTS.COM · +1 438 630 0245 · SALES@HAKYPARTS.COM

QUALITY AT A FAIR PRICE, NO UNNECESSARY INTERMEDIARIES.

Haky Parts supplies high-quality replacement parts for heavy equipment: construction machinery, mining equipment, generators and marine engines. Our team combines on-the-ground expertise in Africa with deep global sourcing and procurement knowledge across five continents, backed by experienced engineers and rigorous quality control processes.

WHY HAKY PARTS

VERIFIED QUALITY

Every part passes engineer-led quality control before shipment.

FACTORY-DIRECT PRICING

We eliminate unnecessary intermediaries that only add cost.

FULL COVERAGE

6 lines to keep your machines running.

FAST RESPONSE

Send your part number on WhatsApp, we quote immediately.

Compatible with: CATERPILLAR · VOLVO · KOMATSU · PERKINS · JCB · HYUNDAI ...

Brand names cited for compatibility reference only. Haky Parts is not an authorized dealer.

OUR PROCESS IN PICTURES

From factory floor to your job site — sourcing, quality control, logistics and field support.

STEP 02 · QUALITY CONTROL

ENGINEER-LED INSPECTION

Every batch is inspected before it leaves the supplier. No part ships without passing our quality control process.

STEP 04 · FIELD SUPPORT

ON THE GROUND IN AFRICA

Our team visits customers across Algeria and Africa. We know your machines, your conditions and your constraints.

STEP 01 · SOURCING

DIRECT FACTORY SOURCING

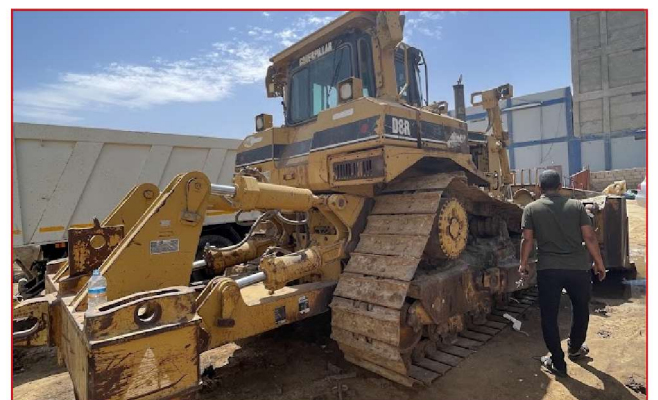

We travel to factories in China and Asia to select parts at the source — cutting out intermediaries and ensuring quality from day one.

STEP 03 · STOCK & LOGISTICS

REAL STOCK, FAST SHIPPING

Container deliveries, warehouse management and real inventory — so your order ships without delay.

/// APPLICATIONS

Our parts keep critical equipment running across the most demanding industries.

01

MINING & EXTRACTION

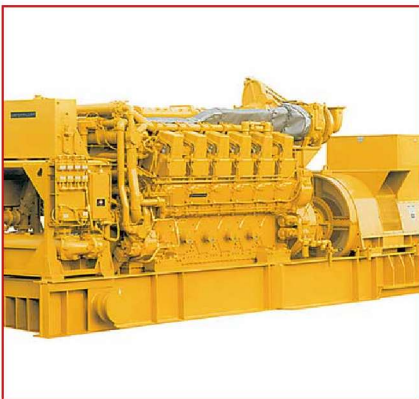

Open-pit mines and quarries push equipment to its limits 24/7. Fast parts availability is critical — OEM dealer lead times are unacceptable when a machine is down.

CAT 992C
CAT 349D
D9 / D10
777 / 797 TRUCKS
3508 / 3512 ENGINES

02

INFRASTRUCTURE & CIVIL WORKS

Road construction, dams and public works projects across Africa rely on motor graders, bulldozers and excavators running through demanding conditions and tight timelines.

CAT 140H / 160H
D6 / D7
CAT 320 / 330
3306 / 3406 ENGINES

03

POWER GENERATION & MARINE

CAT diesel engines power generators for off-grid sites, hospitals and industrial facilities — and propel marine vessels where grid power does not exist.

3306 / 3406 / C15 GENSETS
MARINE C18 / C32
OFF-GRID POWER PLANTS

04

INDUSTRIAL & ENERGY SECTOR

Oil, gas and heavy industry rely on CAT-powered hydraulic systems, pumps and compressors. Downtime in these environments costs far more than the part itself.

OIL & GAS
HYDRAULIC SYSTEMS
COMPRESSORS
PROCESS EQUIPMENT

LINE 01

TURBOCHARGERS

Complete units & CHRA cartridges

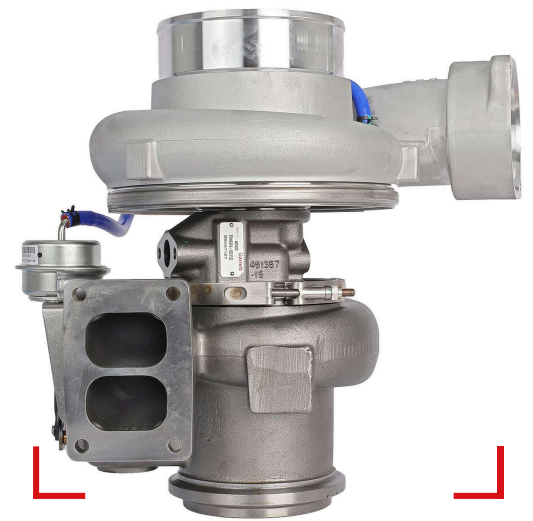

Complete turbochargers and CHRA cartridges for a wide range of industrial diesel engines. Direct-fit, balanced and tested. Mounting clamps and accessories available.

[COMPLETE TURBOS](#)
[CHRA CARTRIDGES](#)
[CLAMPS](#)
TYPICAL APPLICATIONS

Engines 3046 → 3516 · C-7 → C-32 · D-series (D342, D353, D8H)

COMMON REFERENCES

MODEL	PART NO.	DESCRIPTION
3406	1072060	Turbo GP
3306	1067407	Turbo GP
C15	2385105	Turbo GP-B
3116	1005865	Turbo GP

LINE 02

WATER PUMPS

& Components

Complete water pumps and all rebuild components: repair kits, impellers, shafts, seal lips, seal groups and bearings. Available for most CAT engine families.

[COMPLETE PUMPS](#)
[REPAIR KITS](#)
[IMPELLERS](#)
[SHAFTS](#)
[SEALS](#)
[BEARINGS](#)
TYPICAL APPLICATIONS

Engines 3046 → 3516 · C4.4 → C32 · Perkins 4.236 · D342, D353, D398

COMMON REFERENCES

MODEL	PART NO.	DESCRIPTION
3306	1727772	Water Pump
3406	3520203	Water Pump
C15	3520211	Water Pump
C9	3522125	Water Pump

LINE 03

ELECTRICAL PARTS

Starting, charging & sensing

Full electrical coverage for your machines: 12V/24V starting motors (37MT to 50MT, ND and Mitsubishi types), alternators, starter and fuel shutoff solenoids, speed sensors, mechanical and electrical gauges, switches.

STARTING MOTORS

ALTERNATORS

SOLENOIDS
